- (x) **There is no denying** that our 'Managing Committee' is getting full co-operation and support from the community people and therefore, it is doing its duty diligently and honestly without any favour. Despite our best welfare services to the community, we are fully receptive to the valid suggestion from the community persons. As regards expenditure, we spend DEWA's fund very thriftily and are always wary of austerity in expenditure of the Association, which is evident from 'Statement of Accounts' submitted before AGM.
